PROFESSIONAL EXPERIENCE

Devmountain Student Developers | Lehi, UT

December 2021 - May 2022

Web Developer

- Designed and created several websites using full-stack technologies and design trends in a agile environment while optimizing front-end content for mobile and cross browser performance
- Collaborated with several teams using version control tools to optimize user interface experience
- Used components to develop websites which utilized RESTful API design to display information from the Backend
- Diagnosed and debugged technical errors, resolving code errors, which helped improve performance

Coco Irie | Frisco, TX

January 2013 - January 2022

ECommerce Specialist

- Oversaw shipping and receiving operations, ensuring timely delivery of orders and managing inventory levels.
- Familiar with coding languages such as HTML, CSS, and JavaScript for making minor updates to the website or building landing pages.
- Coordinated with vendors to track shipments, resolve delivery issues, and maintain positive vendor relationships.
- Responded to customer inquiries and complaints, providing exceptional customer service and support.
- Analyzed customer behavior and purchase patterns to identify trends and opportunities for growth.

Nordstrom | Braintree, MA

October 2011 - September 2020

Logistics

- Led logistic metrics, internal data analysis tools, and key performance indicators for business units
- Utilized inventory management systems to scan, process and research merchandise shipments in accordance with our inventory control processes
- Collaborated with internal teams to improve operational efficiency and reduce costs
